## EXPERIENCE

### Front-end Developer

Gyzer

 2023 - 2025

 Remote

**Tools:** JavaScript, Typescript, React, Redux, design system, web performance, Accessibility.

- Designed and developed responsive UIs for staff management software, ensuring brand consistency and optimal user experience.
- Implemented seamless integration of RESTful APIs and third-party services to facilitate data flow.
- Maintained and enhanced frontend components, conducting thorough testing and debugging to ensure quality and cross-browser functionality.

### Front-end Developer

Thirdwish Group

 2023 - 2024

 Remote

**Tools:** JavaScript, Typescript, React, Redux, design system, web performance, Accessibility.

- Refactored component styling from styled components to Tailwind CSS to improve code clarity and streamline development processes.
- Optimized platform performance by updating libraries and eliminating duplicate tooling, leading to reduced load times.
- Developed and integrated new features to expand the platform's capabilities.

### Front-end Developer

HUP DEV

 03/2023 - 05/2023

 Remote

**Tools:** Typescript, React, JS, Tailwind CSS, Tanstack Query, Yup and Formik

- Developed and maintained responsive, scalable, and performant frontend components, integrated seamlessly with backend APIs and services.
- Monitored application performance and user feedback to drive ongoing enhancements to the frontend for improved user satisfaction.

## EDUCATION

### Mechanical Engineering

Delta State University, Abraka

 2024

## VOLUNTEERING

### Google Developer Student Club (DELSU chapter)

Participated in Google Developer community campaign, meetings and publicity at Delta State University, Oleh campus

## CERTIFICATION

### HNG BOOTCAMP

Collaborated with product managers, UX/UI designers, and backend developers to develop efficient and optimized user interfaces.

## SUMMARY

Frontend Developer with over three years of experience in the design and development of user-centric and responsive web applications. Expertise includes modern JavaScript frameworks such as React, Next.js, and Redux, along with TypeScript, HTML, and CSS. Proven track record of effective collaboration within cross-functional teams to deliver high-quality solutions. Driven to leverage emerging technologies for innovation and enhanced user experiences.

## PROJECT

### EASYCBT

Developed the Easy CBT frontend web application, creating a responsive UI for a seamless online testing experience.

### REHAR

Developed a frontend web application enabling the creation of personalized event invitations for church events. Users can upload pictures and names, which are then dynamically integrated into invitation templates.

## SKILLS

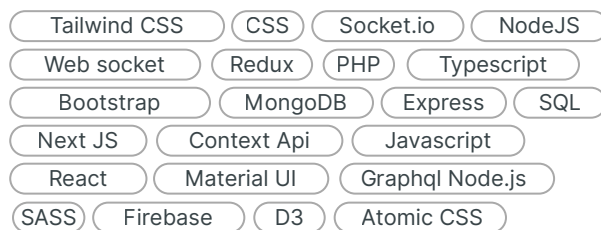

### Soft skill

#### Time management skill
